

BCS FINANCIAL STEWARDSHIP

The financial monitoring services for your business

The “hands-on” monitoring service

The **BCS FINANCIAL STEWARDSHIP** service involves one of our team becoming part of your team and acting as a part-time Financial Controller for your business. They will work closely with you, quickly becoming an integral part of your team, ensuring the close monitoring and careful stewardship of your businesses finance function.

The frequency of our **FINANCIAL STEWARDSHIP** visits will vary between clients, and can be anything from 1 day per quarter to one day per week, depending on the size and complexity of the business.

BCS FINANCIAL STEWARDSHIP gives you the flexibility to fill the Financial Controller role within your business, at a very competitive rate, without the need, cost and on-going commitment involved of employing somebody full-time. This means you can experience all the benefits of having a Financial Controller as part of your team, whilst not taking on the cost of employing somebody full-time.

BCS FINANCIAL STEWARDSHIP means having one of our Financial Controllers working closely with you, building your finance function, monitoring its performance, analysing your financial reporting needs and providing advice and backup when you require it most.

Making a Financial Controller part of your team

Why use BCS FINANCIAL STEWARDSHIP:

- an experienced Financial Controller on a part-time basis
- clear rates enabling you to budget
- flexible terms
